

Annual School Report 2019-20

Pre-Primary School

While the focus was on holistic development of every student, real education took the centre stage for one and all. Paul George Global School believes in imparting quality education through inter-disciplinary approach and focuses on experiential learning which provides ample hands-on exposure to our children. Our institution is inspired by the philosophy, "Unchanging values in changing times" which clearly indicates that as we grow, we don't have to forget the roots from where we hail and are still attached with it.

I would first begin with the Pre-Primary curriculum at Paul George Global School which emphasizes that early childhood education lays the foundation for lifelong learning leading to overall development of each and every child. Our key areas of focus include:

- Physical development
- Cognitive and Language development
- Aesthetic and Social development
- Numeracy and logic
- Value education
- Leadership and Team building.

We have integrated many new teaching methodologies in our approach to make our school only one of its kind.

- **'Experiential Learning'** is a teaching methodology which has been incorporated in our curriculum. Various subject based hands on activities are conducted in the classroom so that children can learn through experience. It is more specifically "learning through reflection on doing". Following are the examples of a few such activities :
 - ❖ Water Colour change experiment
 - ❖ Explaining heavy and light using beam balance
 - ❖ Dressing up as Community helpers
 - ❖ Plant a sapling
 - ❖ Meeting the pet animals
 - ❖ Alphabet related crafts
 - ❖ Count and make objects using blocks
 - ❖ Celebrating Colour Day
- **'Connecting Minds'** is a unique program for the parents of Nursery and K.G to ensure that they are aware of the teaching methodologies adopted in the school.
- **'Parental Interface'** is a platform where parents get a chance to take interesting session in the class which helps in developing a bond between the teacher, parent and the child.
- **'Home Visit'** is a totally unique feature of our school. The Teacher visits the homes of the children to develop an exclusive bond by understanding them in their home environment.
- **'Picnics'** are organised to provide valuable exposure and opportunities away from the classroom and to give our students enough time to spend quality time with their peers and develop their social skills.

- **Jodogyan** is a very interesting program for children which help them to enhance numeracy skills in a very interesting and exciting way.

Games and Sports are an integral part of the school curriculum in today's time for the all- round development of a child.

- **The Edu Sports** program at the pre-primary level builds up the foundation skills of children at an early age. It maintains the fitness and performance record of each child on the basis of regular assessment.
- The **Pre-Primary Athletic Meet** was conducted on **Wednesday, 11th December 2019** for the Nursery and Kindergarten children. Various races were held, the prizes for which will be given today.
- **Gym, Sand Pit** and the activity room in the name of '**Wonderland**' give practical exposure to the children. For our little Paul Georgians we have the **Splash Pool** to beat the heat in the scorching summers.

Apart from these interesting activities that happen at Paul George Global School, we have the **Theme-based assemblies, Special assemblies and the Special Weeks** which are conducted on a regular basis.

The week long activities which the Pre-Primary Wing celebrates are:

- ❖ Origami Week
- ❖ Story Narration Week
- ❖ Christmas Craft Week
- ❖ Diwali Craft Week
- The periodic PTM which we term as "**OPEN DAY**" provides an opportunity for two-way communication between teachers and parents to interact face to face on all issues and update the parents regarding the progress of students.
- The timely '**Health Check Up**' is an integral part of the educational life of a child at PGGs and is organised to keep a track record of the over-all health status of the children. It is conducted by experienced doctors from Batra Hospital.
- '**Grandparents Day**' was celebrated in the month of September. Many exciting programs were held and many interesting games were played with them to make them feel special. Their little ones welcomed them by making various things for them, from photo frames to bookmarks, cards, wall hangings and bouquet.

The school has been creating its own path to glory since its commencement. It is a tough and arduous task, no doubt about it, with many milestones to achieve, and innumerable tasks to accomplish, but we know, that with the dedication and sincerity, and the commitment of our team we will achieve what we have dreamt of and make Paul George Global School a name to reckon with in the years to come.

Primary and Middle School

PGGS is a pace setting institute for the implementation of new programmes in teaching, giving plethora of opportunities to its students to compete in today's competitive and fast-growing world.

The broader objective of education at our school is to free a child's potential by instilling in him a curiosity to learn, so that he continues to learn as long as he lives.

One such Educational Program that I would like to mention here is ASSET-Assessment of Scholastic Skills through Educational Testing.

150 students from our school participated in the ASSET test 2019. 12 students from our school had qualified for ASSET Talent Search (ATS) 2018. These students had competed against 4, 00,000 students across the country and scored in the top 15%.

The names of our meritorious fellow-students who are the pride of our school are:

From Grade 5, the ASSET Talent Scholars are-

1. Ali A. Khan
2. Ethan Martin
3. Mohammad. Imaad Rasheed

From Grade 6, the ASSET Talent Scholars are-

1. Mansher Dhingra
2. Navya Grover

From Grade7,

1. Anwasha De – ASSET Talent Gold Scholar
2. Ranasha Kasana – ASSET Talent Scholar
3. Sanvi Agrawal – ASSET Talent Bronze Scholar
4. Vaibhav Agrawal – ASSET Talent Silver Scholar

From Grade 8, the ASSET Talent Scholars are-

1. Ajooni Kaur
2. Sarah Khan
3. Sargam Dey

RUBIK'S CUBE

The Paul Georgians as Math Wizards recently participated in National Cube Championship on 1st Feb 2020 at Shiv Nadar School, Faridabad. Over 500 students participated from different schools from Delhi, NCR.

- Students from Grade 4 namely Agreeem Odari, Maanvik Sood, Tamanna Setia got the Merit Award
- From Grade 5 Ethan and Arnav Dhir got Merit Award.
- From Grade 5 Jia Sahni received the Bronze Medal.
- From Grade 6 Aryan Setia has bagged the Gold Medal.

Sports Events

The school believes that strenuous exercises and involvement in games is an outlet for the vigour of youth. Our school aims at providing the best of sports facilities for our students. Our participation for various inter school competitions are as follows:

In the field of SCIENCE & ENVIRONMENT

Debasmita Bhaumik of Grade VII represented Paul George Global School in "POSTER AND SLOGAN" contest organised by NATIONAL SAFETY CAMPAIGN (NSSC). She was adjudged the school winner and awarded a Certificate of Merit by the NSSC Panel.

CCA

Not just this, the Co-curricular activities organised at the school level at regular intervals of time, provide children opportunities to showcase their talents. Various house wise and inter- House competitions were conducted throughout the year namely singing, drawing and painting, Handwriting, Extempore, Recitation, Group dance, Spell Bee, Debate etc.

These competition were organised from grades 1-8 under three categories namely, group 1 comprising grade 1-2, group 2 comprising grades 3-5 and group 3 comprising grade 6-8. These competition are organised at regular intervals of time to give ample exposure to our students.

Dear Parents, our teachers here help children change for better .The process of teaching is a cooperative endeavour. I wish to take this opportunity to express my sincere thanks to the entire teaching faculty with whose cooperation we have been able to carry out all programmes and academic activities. I would also like to express my grateful thanks to our Chairman Sir, Vice-chairman Sir, Director Ma’am, Principal ma’am, teachers all our higher authorities, the parent community, the admin staff, the support staff and the students whose whole-hearted cooperation has enabled us to complete all our tasks successfully.
