Brief note of the committee on innovative practices being adopted at school

Award Winning Practices at School:

- ✓ Education today organized 6th National Conference on K 12 leadership & India School Merit Awards 2018 at The Chancery Pavilion, Bangalore on 8th Dec'18. Paul George Global School was awarded the First Prize under the category of The Innovative Teaching Practices across India.
- ✓ Go-green Initiative & Practices: The school has adopted a completely green approach and thus, the entire construction is strictly eco-friendly.
- ✓ 100% CCTV enabled Campus

School Educational Programs on Innovative Practices-

- **Connecting Minds(Nursery & K.G)**

It is a unique program to bridge the gap between parents & teachers to make them aware of the teaching methodology adopted in school.

- **Extra Mile Program (I- V)**

A very innovative, research –oriented program which satiates the desire of our children to research beyond the frame of their curriculum and connect themselves globally.

- **Parental Interface (Nursery- VIII)**

An interaction planned every month by the parent-teachers based on the month's theme, as equal stake holders to take the education process a step further.

- **Home Visits (Nursery-II)**

A totally unique feature of our school unmatched to any other in the field of education to know the back home environ from where the child hail to understand him better.

Brief note of the committee on information available and practices adopted for balancing the load of homework**JODOGYAN: (Nursery-V)**

- The program as an effective Math tool envisages to orient teachers by introducing learner centered pedagogical practices for better concept clarity and numeracy skills.
- Through class group activities, Project based learning and buddy interaction, the load of homework is effectively shared and evenly distributed.

Annexure 'I'**Brief note of the committee on sports activities and achievements in sports****SPORTS MEGA SCHOOL EVENTS:**

1. Inter-school Swimming Competition
2. Paul George Memorial Football Tournament
3. Annual Sports Day 'AMAN'
4. Pre-primary Sports Athlete 'ANOKHA'

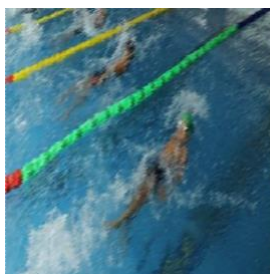

SPORTS:

The school in partnership with Edu sports provide holistic education to children by implementing structured sports program as part of the school's timetable. The results have been encouraging with significant improvement in health, fitness and engagement levels of children. The program builds up the foundation skills of kids at the early age 3+ and explore multiple sports and fit them in accordance with the sports of choice once the child reaches an age of 12.

INTER_SCHOOL SPORTS ACHIEVEMENTS:

Our school participated in an Inter- school karate championship, national inter-school open skating championship, Independence cup inter- school open roller skating championship, inter-school Tennis competition, 13th Sub-junior National Roll Ball Champion-ship and has bagged Gold, Silver and Bronze medals in various categories.

Brief note of the committee on activities and achievements in the field of art education

Debasmita Bhaumik of Grade VII represented Paul George Global School in 'POSTER AND SLOGAN' contest organised by NATIONAL SAFETY CAMPAIGN (NSSC). She was adjudged the school winner and awarded a Certificate of Merit by the NSSC Panel.

JUNIOR ART:

Students from Grade Nursery - II have done various art activities like drawing, coloring, ear bud activity, craft work, different patterns, alphabet drawing and learnt new skills and techniques. The art classes also give students the opportunity and freedom to try new things. Coloring helps in fine motor development. It also helps children develop good finger grip. It provides an opportunity to practice holding a pencil or a color the correct way and aids in developing those fine motor muscles in their hands, fingers and wrist.

MIDDLE SCHOOL ART:

At PGGs, students of Grade V-VIII explore art in various aspects and mediums like calligraphy, still life with tonal variations, and landscape with cool and warm colours. Students use their imagination and free hand drawing skills to create symmetrical design with line and shapes and use their crafting skills for creating alpna patterns. They also explored canvas as a medium to express the imagination and mixed media art to understand the value of texture and other compositional elements of art.

Brief note of the committee on any other co-scholastic and extra-curricular activities

Co-Scholastic Programs:

ITIHAAS: (I-VIII)

- PGGs, through its collaboration with an educational trust 'ITIHAAS' envisions to live, learn and own our tangible and intangible heritage, traditions and legacies and bring these into the realm of structured education as sources of learning.

ASSET: (I-VIII)

- The program assesses the scholastic skills through Educational testing in English, Maths and Science. It measures how well a child can apply his understanding of the concepts in real life problems.

JODOGYAN: (Nursery-V)

- The program envisages to orient teachers by introducing learner centered pedagogical practices using Jodo Gyan Math tools.

Extra-curricular Activities:

PASSION TIME:

The school has an hour coined as '**Passion time**' to let our children pursue their passion in whichever field they wish to. We have for them a range of activities to opt from, what they feel is their passion and can excel at.

ANJUMAN:

The school wishes to inculcate leadership skills in its students through creative arts by engaging them in doing and learning the various nuances of art forms and express themselves by creating, communicating, critically thinking and collaborating.

CSR ACTIVITY- (JOY OF GIVING WEEK)

Come the "festival of giving" and the students of Paul George Global School are all set to begin their little journey of celebrating and experiencing the joy and ecstasy one gathers on giving and sharing.

Ample exposure and sensitization through visits to Old-Age Home, Blind School, and HOPE Foundation to give generous donations.

INTER-HOUSE COMPETITIONS:

The Co-curricular activities organised at the school level at regular intervals of time, provide children opportunities to showcase their talents. House wise and Open House competitions are conducted throughout the year in singing, drawing and painting, Handwriting, Extempore, Recitation, Group dance, Spell Bee, Debate etc.

These competition were organised from grades 1-8 under three categories namely, group 1 comprising grade 1-2, group 2 comprising grades 3-5 and group 3 comprising grade 6-8.

BEST PRACTICES IN SCHOOL

➤ **Go-green Initiative & Practices:**

The school has adopted a completely green approach and thus, the entire construction is strictly eco-friendly.

- **Food:** The school believes in 'healthy eating healthy living', hence the menu of the month strictly comprises of organic food, which is low in calorie intake and high on nutritional value.
- **Radiant Cooling:** The school is centrally air- conditioned by eco-friendly and energy efficient 'Radiant Cooling System', also known as Thermally Activated Building Systems (TABS) which reduces the carbon footprint and energy consumption by nearly 30% annually.
- **Sewage Treatment Plant:** The campus has an eco-friendly STP (Sewage Treatment Plant) comprising of multi-grade filters, activated carbon filters and softener to re-cycle the treated water for flushing and horticulture.
- **Outer Walls:** The outer walls have AAC Block (Air Aerated Concrete Blocks) which is energy efficient and environment friendly.
- **Inner Walls:** The inner partitions of the school building are made up of dry wall partitions, thereby, saving energy and restricting utilization of water during construction.
- **Building-Integrated Photovoltaic (BIPV) panel:** The central green play area is proposed to have a transparent solar Building-integrated photovoltaic (BIPV) panel covering, for trapping solar energy for the electrical requirements of the building.
- **Rainwater Charging System:** A Rainwater Charging System operational in the school collects and drains rain water through perforated pipes to recharge water levels and prevent depletion of the underground water table.
- ✚ Students' visit to school's rainwater and sewage treatment plant to educate them about various methods deployed to conserve, recycle and reuse waste water.
- **RO Water Purifiers:** The school has Reverse Osmosis Water Purifying System to provide safe portable water to the children
- **LED Lights:** The school uses energy - efficient and eco-friendly LED lights which emits more light and consumes less energy.
- **Inter Solar Panels:** The school has the energy efficient Inter solar panels to heat the swimming pool according to the seasonal needs of the children.
- **Anti-Pollutant DC Generator:** For 24x 7 power back up, the school has installed a smoke and noise-free, anti-pollutant DC Generator to keep the surroundings and environment at large pollution free.
- **Air Filters:** The school has used environment friendly design techniques of which Air Filters has a significant role to play. It removes the solid particulate matter and the charcoal present in it as an absorbent removes odours. This eradicates the use of Air Purifiers & maintains the circulation of the high -quality air within the premises.
- **Eco-friendly Vegetation:** The go green designing of the school is supported by the green trees planted within the campus, 'Benjamin Ficus' which produce double the oxygen keeping the campus and the inmates free from any health hazard.
- **Open Green Area:** The open and green play area is neatly carpeted with synthetic grass making the campus dust-free and eco-friendly. It is also resistant to minor injuries thus, leading to enhanced productivity and health benefits to children.
- **Water Storage Capacity:** The school has an amazing life-size water storage tank capacity in the basement that amass unbelievably 70,000 gallons of water for its various purposes.
