

**PAUL GEORGE
GLOBAL SCHOOL**

Volume I - Edition II

**Alaknanda, New Delhi – 110019
Senior Secondary School, Affiliated to CBSE**

June 2023

INSIGHT

Paul George Global School aims at offering a platform for quality education, nurturing professional development among its students to enable them to become lifelong learners, independent thinkers and responsible citizens of the country. The Four Core Values that the school epitomises are Courage, Compassion, Equality and Integrity. These values are deep-rooted in the school's philosophy to encourage all the students to build a character defined by a high degree of truthfulness and honesty.

Late Shri. Paul M. George the inspiration behind PGGS

A bright and talented young student who rose to become a brilliant and dynamic professional, Paul was a responsible son to his parents, an affectionate and caring brother to his siblings and family and an extremely kind-hearted and humble human being ever ready to reach out to help and lend support to anyone near or far from him.

Paul M. George was an Executive Director at The Muthoot Group. He was an ordinary human being blessed with extraordinary values. The four values that PGGS epitomises - Courage, Compassion, Equality and Integrity were an integral part of his personality.

It is in this context that the Management of Paul George Global School aspires to inculcate these

four values of Paul M. George in every student who walks through the gates of PGGS.

Further, students in this millennium live in a fast-paced, technology-driven and constantly changing environment. Paul George Global School, the new co-educational institution from The Muthoot Group, has been designed to keep the needs of the 21st century learner in mind.

The school adopts cutting-edge technology to help students undertake research and application of the curriculum. The school concerns itself with the development of capabilities amongst the students, that are needed for problem-solving, rational decision-making, communicating and for success in the workplace.

Dear Students

I hope this message finds you in good health and high spirits. As the Director of our esteemed school, I am delighted to address you through the pages of our school newsletter.

Do note, you are the future of tomorrow. Dream big, work hard and believe in yourself. Remember, education is not just a means to an end, but a lifelong journey of discovery and growth. Make the most of your time here, leaving behind a legacy of excellence, compassion and resilience.

In addition, you should never forget the power of gratitude. Take a moment each day to appreciate the opportunity, the guidance and the resources that have been provided to you. Express your gratitude to your teachers, parents and mentors who have invested their time and effort in shaping your future.

Wishing you all the very best!

With Regards

Dr. Sara George

Director - Paul George Global School

My Dear Paul Georgians

Greetings! I address you with pleasure through the pages of our school newsletter. This platform serves as a medium to celebrate our achievements, share our experiences, and inspire one another. As students, you are the heart and soul of our school. Each one of you brings unique talents, aspirations, and potential that collectively contribute to the growth and development of our school.

Education is not solely about acquiring knowledge from textbooks; it is about nurturing curiosity, innovation and empathy. It is an opportunity to discover your passion, explore new horizons and develop skills that will empower your life and make the most of every opportunity that comes your way.

Do not be afraid to step out of your comfort zone for growth. Challenge yourself to take up new tasks, engage in self improvement, and seek out leadership roles. Remember, failure is not a setback, but a stepping stone towards success. Be fearless and stand by truth.

I wish you all a productive and fulfilling academic year ahead. May you continue to shine brightly and make yourself and your parents proud.

Regards,

Alexander George Muthoot

Vice Chairman – Paul George Global School

INVESTITURE CEREMONY - 2023

Felicitation of the Guest of Honour

Honourable **Dr. Sara George**, Director,
St. George's Education Society

Revered Vice-Chairman,
Shri. Alexander George Muthoot,
St. George's Education Society

Honourable **Dr. Biswajit Saha**,
Director (Skill Education), CBSE, Society

A Token of Respect & Gratitude

Leadership is not about a title or designation. It is about impact, influence, and inspiration. Investiture Ceremony is a traditional feature of Paul George Global School, year after year, that reminds of the trust and confidence which is reposed in the newly elected Students' Council.

GLIMPSES OF THE DAY

Conferring the Post Bearers

The Prestigious Oath

THE ESTEEMED SCHOOL MANAGEMENT CONGRATULATED & BLESSED THE YOUNG LEADERS GUIDING THEM TO FOLLOW THE RIGHTEOUS PATH.

The School Head Boy Ashmit Arora, delivered his first formal speech as a coveted post bearer, emphasising to lead by example and be an inspirer than a leader. A host of cultural programs emphasising leadership traits and care for our environment were the highlights of the day, conveying an insightful message. The very momentous Investiture Ceremony instilled a great spirit within the new leaders to shoulder the responsibilities to their best.

MOTHER'S DAY

A Mother's Love is instinctual, unconditional and forever.

The Mother's Day celebration at PGGs aims to honour the unique mother-child relationship which is so eternal and enduring from times immemorial. The event underlined the immeasurable worth of this beautiful relationship through a series of invigorating activities and games, including an all-time popular musical chairs where the moms & grandmoms grabbed the opportunity to spend some quality time, while fostering and enhancing their special bond with their special. The festivity culminated with a photo booth replete with an extensive assortment of props, enabling all to create and capture the ravishing moments of the day.

Summer

Splash

Beat the Heat

Summers are all about fun in pool and relishing ice-creams!

Nursery & Kindergarten toddlers had a great time in splash pool. Swimming at PGGS comes with fun galore! This cool and refreshing experience for our pre-primary students at our all-weather temperature-controlled shaded swimming pool, is equally backed by the guidance and supervision of our experienced coaches and well-trained support staff. The health benefits associated with the sport makes it the most popular and competitive recreational activity. Remember, you are only one swim away from a good mood.

GRATITUDE ASSEMBLY

Count your blessings, for gratitude brings magic and unlocks fullness in life

We thank you for your sincere hard work.

As gratitude sweetens even the smallest moment, a special assembly was conducted on 'Thanksgiving' to sensitise the Paul Georgeans, especially about the role of support the staff at school. The event unfolded with a prayer followed by an inspirational talk by our school security guard who enlightened everyone with a magnificent reflection on his journey so far. Our caring female support staff gave a dance presentation on a medley of timeless retro-songs. Their foot-tapping performance elevated the spirits of the audience as they swayed along merrily. To fondly culminate the programme, our PGGs Family appreciated their immeasurable efforts, while honouring their contribution with a token of gratitude, which certainly left a gleam of joy on their faces.

IT'S A GOLD

92 Gold Medals of Distinction & Excellence Achieved
in The Session 2022-23.

Sr.no	Subject	Medal tally
1	IGKO (International General Knowledge Olympiad)	Medal of Distinction:1 Gold Medal of Excellence:11
2	IEO (International English Olympiad)	International Gold Medal:2 Zonal Gold Medal:1 Medal of Distinction:8 Gold Medal of Excellence:16
3	NSO (National Science Olympiad)	Medal of Distinction:2 Gold Medal of Excellence:15
4	IMO (International Mathematics Olympiad)	Medal of Distinction:3 Gold Medal of Excellence:19
5	NCO (National Cyber Olympiad)	Medal of Distinction:4 Zonal Silver Medal:1 Gold Medal of Excellence:1
6	ISSO (International Social Studies Olympiad)	Medal of Distinction:1 Gold Medal of Excellence:11

The Olympiad Exams are a gateway for students to learn their educational strengths. These exams enhance a student's learning capacity, logical reasoning, and scientific ability. Session 2022-23 saw 484 students from all grades participating enthusiastically in various Olympiads conducted throughout the year for different subjects.

CUBE MASTERS

Prathith Arora of Grade IV Jog won a Silver Medal in the 3x3, 2x2, Pyramid, and Skube Cubing Championship, & Vedant Mittal of Grade VI Mars also won Silver Medal in solving Pyramid in less than 3 minutes in the 8th Delhi State Cubing Championship organised by Delhi Cube Association.

Self-belief & consistent hard work leads to success.

We are ecstatic about 100% board results for the session 2022-23, with Vaibhav Agrawal turning out to be the school topper scoring 94.3% overall, taking 95/100 in Mathematics, Science and Social Science each. Syesha Anand & Gautam Takkar made us proud by scoring 89.5%.

Sanvi Agrawal scored the highest in Information Technology - 98/100, with overall 88.5%. Heartiest Congratulations to the proud parents and blessings to the students for making the PGGs Family proud!

STUDENTS' CORNER

More Love & Compassion

I put my guard up,
Look around, and see,
People, so diverse,
And so different from me.

Someone is angry,
and someone is sad;
No one looks at me,
Which makes me feel bad.

But I have my guard up,
So I ignore that, and think,
Of the reason they would do that,
Of why they smoke and drink.

I realize that everyone,
has their own doubts and fears,
Their own insecurities, and their own
scared tears.

I try to find out why,
and I almost want to cry,
When I realize that nobody,
Really wants to try,

To hope for love,
And a better next day;
They think that only
bad things can come their way.

I wonder what would happen
if I started a tradition,
Of hugs, love, and friendship,
And went on a mission,

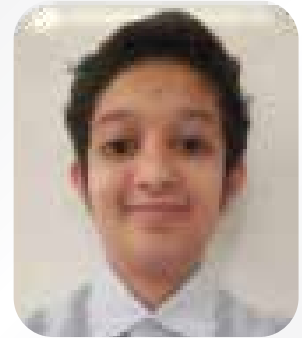

To spread this tradition,
Throughout the world.
Could this bizarre possibility,
Really be unfurled?

With more of such stuff,
People wouldn't be so scared.
They would look around for once,
And show people that they cared.

The world would be colorful again,
And people would see,
The world full of wonder,
As it appears to me.

With just a little more love,
The world would be better,
And I decide at this moment,
That I will be the trendsetter.

So I put my guard down,
Look around, and see,
People, who might not be,
So different from me.

The Fallacy of AI ART

by Aditya Singh, XI Science

Recent developments in the AI sphere have wreaked havoc upon the art community. There has been a plethora of apps, websites, and software that allow users to generate art using simple keywords and phrases.

Unfortunately, being an artist is hard enough and with rapid development in competing technologies, they seem to be fighting a losing battle. The problem is that very often the software takes someone else's art or sometimes even all of it and uses it in the generated image. The original artists of these pieces were never credited or compensated in any form. By taking these pieces of art, the generator is ultimately plagiarising, as the AI was not commissioned by the original artists. While AI can ensure that any art piece is unlike any other, the one key factor AI art lacks is ironically originality, as it can never generate an image without using already existing ones. Thus, to believe that AI is better than us is a fallacy as ultimately, we invented AI.

STUDENTS' CORNER

Syeshha Anand- Class XI

Suhani Dueja- Class XI

Lakshika Tamsay- Class IX

Schajveer Singh- Class IX

Bavleen Kaur - Class IX

Let the characters whisper to you, as you paint them in all colours.

Celebrating 50 years of Project Tiger, PGGS in compliance with Directorate of Education (DOE) participated in the National Level Painting Competition to promote the need to save the majestic creature. Our students voiced on behalf of this royal beast and painted a canvas as exquisite as the theme - Tiger: The Royal Monarch.

Navya Dhar, of Grade II Everest is a child model. Navya has done lots of photoshoots and features regularly for FIRSTCRY, MYNTRA, AZA KIDS WEAR and LITTLE TAGS etc. to name a few Brands. She has done modelling for big designers like Alyaansh Couture and Mini Trails. She has recently worked in a digital advertisement for Dabur Amla. The Ad is on YouTube and other digital platforms of Dabur. Navya is an active participant in extracurricular activities. She has participated in a lot of dance competitions in school on intra and inter school level. We wish her to achieve all her dreams and make her parents and school proud of her!

NATIONAL TECHNOLOGY DAY

NATIONAL TECHNOLOGY DAY 11 MAY 2023

India celebrates 'National Technology Day' on 11th May every year to commemorate the remarkable achievements and significant contributions in the field of science and technology.

At PGGS, we believe in fostering a spirit of curiosity and innovation among our students. To celebrate National Technology Day and inspire our young minds, the Science department organised an exciting inter-class competition for students of grades IX - XI.

This competition aimed at encouraging research, creativity, and presentation skills while highlighting the importance of science and technology in our lives. Students participated in an interactive session and shared knowledge with their peers.

Parent's Speak

With the technology advancing, children are exposed to anything and everything. It becomes cumbersome, as a parent, to keep a check on the child and yet keep him/her available to learn from the surroundings. Teaching good values can be a daunting and intimidating task, however it is rightly said "Preach what you follow", which means these lessons can be taught by taking small but intentional steps. Children adapt and learn quicker than adults. If we want them to be honest, the best tactic is to portray honesty as much as we can. We must empathise with not only the people around us but also with animals. When our children watch us respecting the feelings of others, it will act as a foundation for building strong relationships in their lives. At young age, children are like a sponge, they absorb our values and in later stage put forth the same thing in their lives. Therefore, if we want our child to be a good human being, we must be too!

The Bond We Share Strenghtens With Love And Care

From savoury nibbles to heart-beating performances, the Paul Georgeans spent their best time together with their buddies to immerse in the summer class party fun just before going for their Summer Holidays. The funky moments were captured to be stored in our box of memories.

Paul George Global School seeks to create a challenging yet conducive learning environment that inspires excellence and encourages high performance through the engagement of varied instructions that allow for individual differences and learning styles.

At PGGS, we promote a safe, caring and supportive environment where every person can learn from and respect one another. We have also designed the use of innovative techniques to enhance life-long learning through technology, multiple intelligence, varied instructional strategies and interdisciplinary connects to prepare self-reliant learners to face the future world.
