

PAUL GEORGE GLOBAL SCHOOL

Alaknanda, New Delhi – 110019
Senior Secondary School, Affiliated to CBSE

Volume I
Edition III

July 2023

INSIGHT

Paul George Global School aims at offering a platform for quality education, nurturing professional development among its students to enable them to become lifelong learners, independent thinkers and responsible citizens of the country. The Four Core Values that the school epitomises are Courage, Compassion, Equality and Integrity. These values are deep rooted in the school philosophy to encourage all the students to build a character defined by a high degree of truthfulness and honesty.

- **COURAGE**
- **COMPASSION**
- **EQUALITY**
- **INTEGRITY**

Celebrating

THE LIFE OF

LATE SHRI M. G. GEORGE MUTHOOT

Group Chairman, The Muthoot Group

A Legacy Forever

Shri M. G. George Muthoot was a visionary entrepreneur, an innovative strategist and an ardent philanthropist. He was an inspiring role model and business leader of our country. He believed in the socio-cultural hierarchy of respect and importance in life, i.e. in mata, pita, guru, daivayam, in that order.

He was a man who believed that education is the path for our country to take its rightful place in the world order. He will continue to be our guiding post and an inspiration to strive for excellence.

Celebrating

THE LIFE OF

LATE SHRI PAUL M. GEORGE

An inspiration for generations

A kind-hearted and a humble human being who was ever ready to reach out to help and lend support to anyone near or far from him.

He was recognized for his personality traits namely:

Courage, Compassion, Equality and Integrity.

These are the values epitomized by PGGs. He will continue to live in our hearts and set an example as an ideal leader.

Dear Students,

I hope this message finds you all happy and in good spirit.

As we move into another month of learning and growth, I hope the heavy downpour is not washing away your high spirits. Instead, it is cleansing away the darkness and revealing bright possibilities.

In addition to your academic pursuits, engage yourself in extracurricular activities, be it in sports, arts, community service or any other area that ignites your passion. Keep challenging yourself, move out of your comfort zone and look for newer opportunities to expand your horizon. The path to success begins with curiosity and a thirst for learning. Stay focused and stay motivated. Celebrate your success – small or big. Every day is a chance to grow, hone your skills and make a positive impact on those around you.

Wishing you a wonderful month ahead. Keep shining, my dear students!

Best Wishes,

Dr. Sara George

Director - Paul George Global School

My Dear Paul Georgeans,

Heartiest Greetings!!

My heart fills with immense pleasure to pen down my message for the monthly newsletter "Insight" of Paul George Global School (PGGS). It gives a deep sense of satisfaction observing PGGS imparting knowledge imbued with wisdom and ethics, ensuring holistic personality development, molding character, and mental skills. This prepares the student for the challenges of the complex world of today.

PGGS has made significant progress in its quest for all-around excellence. It is a direct reflection of the whole "Team PGGS" passion, commitment, and earnest efforts toward the development of young minds. During the summer holidays, an incredible array of events were carried out to train students in co-curricular activities and sports as well. International Yoga Day was enthusiastically observed via a virtual platform. It was incredible to have such an overwhelming response to the swimming camp organized during the holidays to help students battle the heat in the right manner!

Though academic excellence always remains our core priority, we will henceforth focus on one additional passion time activity for which the showcase will be conducted term-wise, twice a year. This will also allow students to demonstrate their newly acquired abilities, resulting in improved learning. Workshops on child welfare, covering topics such as adolescence, health & hygiene, disaster management, and a whole lot more! PGGS will also be commemorating "Literati Week" with a week of events for our aspiring poets and writers.

We intend to generate a quantum leap in the Inter-School Competition – "Esperanza 2023". This will be a signature event of PGGS. Let's wait for some more surprises and events lined up until the next edition! Finally, I would like to express gratitude to the PGGS Team for continually striving with its constant endeavor to make it a "Centre of Excellence" to achieve the pinnacle of success!

Jai Hind.

Regards,

Shri. George Muthoot George

Chairman – Paul George Global School

My Dear Paul Georgeans,

Greetings to all of you! I hope this message finds you in good health and high spirit as we embark on another exciting month of learning and growth.

First of all, I would like to express my heartfelt appreciation to each one of you for your dedication and hard work. Your commitment and perseverance to academic excellence has been commendable and inspires all of us.

We at Paul George Global School, lay immense emphasis on nurturing core values of Courage, Compassion, Equality and Integrity in all our students. Each one of you should not only be intellectually brilliant but also a socially committed citizen with problem-solving and out-of-the-box thinking attitude. A holistic development of physical abilities with cognitive skills is the hallmark of Paul George Global School.

It is important to understand that competitions and assessments are for self-improvement. The month of July will see a lot of house competitions, special week celebrations, and cycle assessments. We should learn to raise the bar for ourselves with this fine blend of scholastic & co-scholastic activities around the month. We believe that life's greatest achievement can be attained by continually reinventing yourself.

It's not just about winning; it's also about the journey, personal growth and the memories you create along the way. Every Paul Georgean who participates in the activities, competitions, and assessments rediscovers himself, with each passing day, strengthening his/her body, mind and character.

Do embrace every opportunity to grow, learn and excel!

Wishing you all a month filled with joy, achievements, growth, and profound sense of fulfilment.

Regards,

Alexander George Muthoot

Vice Chairman – Paul George Global School

THE SUMMER CAMP

An electrifying ride to fun, art and passion..

From creative strokes on an easel to cool dip in the blue waters, we have something for every passionate soul at PGGs. Come June and the wave at PGGs takes the school inmates and the young city dwellers on a ride to fun-filled activities with thrilling adventures. Loads of learning in a safe environment away from home which helps them develop a sense of independence.

THE SUMMER CAMP

An electrifying ride to fun, art and passion..

The fun and frolic this summer season with the Summer Camp 2023 was an exciting fusion of activities such as dance, swimming, music and art which empowered the ambition of our participant children, who had fervently got themselves engaged in their choicest activity, while honing the creative side of their true selves.

THE
SUMMER
CAMP
AN ELECTRIFYING RIDE

CONNECTING MINDS

Enhancing the core skills.

Connecting Minds at PGGs provides an exclusive platform for young toddlers to engage in experiential learning, self-exploration and knowledge discovery. Through activity-centred approach involving storytelling, rhymes and role-play, our children dynamically shape their personalities and refine their communication skills to boost their confidence. This immersive approach fosters a deep-rooted curiosity, inspiring our young talent to tread on a journey of self-exploration and knowledge discovery.

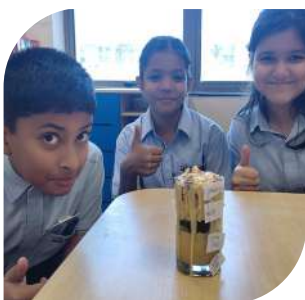

EXPERIENTIAL LEARNING

Igniting the curiosity of inquisitive minds -

"I hear and I forget, I see and I remember, I do and I understand". Experiential Learning, helps to gather experience, reflect on the observation and thereby gain knowledge that can be applied in real-life time experiences. Experiments and collaborative activities linked to the topics not only involve the learners but also lead to a better understanding. The students of various age groups were involved in such activities to enhance their observation skills.

PRIZE DISTRIBUTION

Paul Georgeans, you deserve it!

At PGGS, we promise to open doors of multiple opportunities to our children for both scholastic and co-scholastic activities. Enthusiastic participation is encouraged to the fullest, instilling confidence and self-belief to the core through maximum exposure to curricular & co-curricular activities. Our zealous winners delight us with their fabulous feat where they clinch a number of medals and trophies in all areas of extra-curricular events.

HOUSE CAPTAIN'S SPEAK

Zeal to win brings out the best in you!

"The strength of a team lies in its individual members. Collaboration of both yields the best results."

In this modern era of technology, where we all are in the foremost relationship with our digital devices, Inter House Competitions provide an insightful path to step out of our comfort zones and realise the true worth of what is known as 'TEAMWORK'. Inter house events are not merely cut-throat competitions between houses, but they inculcate the spirit of healthy competition among students and assist them in raising self-esteem, developing self-confidence and foster their leadership skills. Being able to coordinate and cooperate with one another to achieve a common goal is a very important life skill that everybody should have.

Through these competitions students come in contact with their fellow mates, understand the different perspectives and work with heart and soul to achieve the common goal. Apart from showcasing their talents, they discover the best version of themselves. It helps them think, reflect and develop a wider perspective. In short, they move from 'ME' to 'WE'. Teamwork is like the thread in a garland which binds all the flowers together. Inter House Competitions act as a medium through which students can discover their true-self, with the essence of teamwork.

By Mimma Rahaman, Grade XII

TAPESTRY OF EXPRESSIONS

Realising imagination through strokes of colours...

Everyone has an imagination; art takes it a step further. Through art, children create something that, until that point, was only imagined. Thus, they create visual manifestations of abstract ideas. Art is a delightful way through which you can record the development of a child's growth. We at PGGs expose children to a variety of mediums of art that builds the creativity of a child which paves the path for a happy life.

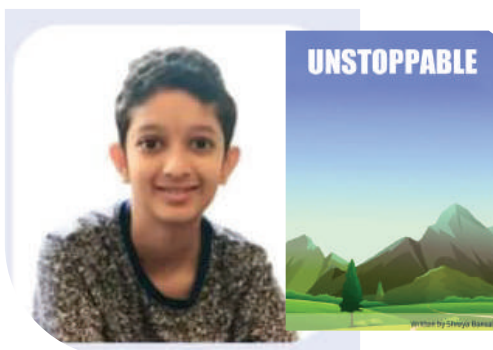

KUDOS TO OUR BUDDING AUTHORS!

'The first draft is just you telling yourself the story.'

Fiction, like sculpture or painting, begins with a rough sketch. One gets down the characters and their behaviour in any way one can, knowing the sentences will have to be revised, knowing the character's actions may change and that leads to a wonderful story. Our 21 young Paul Georgeans have delighted us by getting their fiction recognised by 'BriBooks Publication', the world's leading children's creative writing platform. PGGs extends support in building a culture of learning and literature and honing the latent talent of our young promising students. Heartfelt Congratulations to all our young aspiring writers.

WORLD ENVIRONMENT DAY!

Let us nurture nature to have a fulfilling future.'

On this World Environment Day our fervent Paul Georgeans collaboratively made efforts to make an inspiring video to spread awareness amongst the masses about the need to save earth. The video depicted ways to heal the Mother Earth's depleting state.

The students took a pledge to contribute and inspire others to take small initiatives and contribute every day to save their environment connecting with the initiative “Ek Bharat Shreshtha Bharat” embarked by The Department of School Education and Literacy.

PASSIONATE EFFORTS!

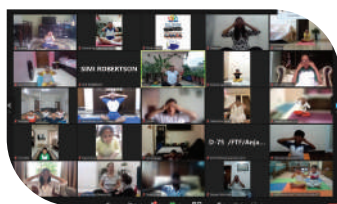

Magnificent participation of our senior students in June-2023 edition of "NAI UDAAN - The quarterly Science Magazine", published by the Directorate of Education (DoE), GNCTD.

INTERNATIONAL YOGA DAY – 'YOGA FOR VASUDHAIVA KUTUMBAKAM'

Health & fitness at PGGS is a regular feature that witness a plethora of activities all round the year. It allows maintain an equilibrium and have a greater access to inner resources that strengthens our students' self-awareness in varied situations. Keeping to its philosophy of holistic education, Paul George Global School celebrated 9th International Yoga Day, on 21 June 2023 with great enthusiasm. PGGS family connected virtually from all parts of India for the 'Blissful Yoga' session with parents & mentors.

YOGA –

A BOON FOR 21ST GEN LEARNERS

Parents' Speak

Ms. Neha Dhawan

As adults, stress is something we have learned about and adapted to from peer pressure. For kids, however, stress is something they are just learning about and often don't know how to handle it. It's up to us to provide them with effective and appropriate tools to help them manage their emotions. All the benefits mentioned above make it clear that yoga is an important tool in our children's physical, mental and spiritual wellbeing. Practicing yoga is something we do for ourselves, as adults to help us unwind and reduce stress. So why shouldn't we do the same for our kids?

Today is the day.

Let's begin it TODAY!!

PROFESSIONAL DEVELOPMENT

Those who educate children well are more to be honoured, than they who produce them; for these only gave them life, those the art of living well." -Aristotle

It is an undisputed fact that great teachers help create great students. We at Paul George Global School train and support teachers as a mandatory process to imbibe them with the time, information, and resources they need to identify their student learning and professional practice goals.

The teaching faculty at PGGS is kept abreast with the recent changes in the field of education through various In-House workshops as a part of the enrichment program, and for the overall development and enhancement of skills.

A Snippet-

On the 30th of June 2023, a training workshop was conducted for the teachers titled "Imperfections... make us perfect" based on the topic of Major developmental disorders. The workshop helped to explore the different types of disorders along with their presenting symptoms and effective management techniques.

The workshop laid special emphasis on conditions that are most widely seen in schools like Autism Spectrum Disorder, Attention Deficit Hyperactive Disorder, and Learning Disabilities to understand the mental state of such children and suggestive measures to reach their needs, as we truly believe in the notion of inclusion and each and every child is very special to us.

MIND BENDER

Whoops... got caught Can you guess it?

1 TRY SAYING IT FIVE TIMES WITHOUT PAUSING...

- How can a clam cram in a clean cream can?
- Six slippery snails slid slowly seaward.
- Irish wristwatch, Swiss wristwatch.
- Unique New York, New York's unique.

2 RIDDLES

- Riddle 1: I am locally known as Jalki and I contain the only known examples of mud volcanoes in Andaman and Nicobar Islands. Which island am I?
- Riddle 2: I am found in Gulf of Kutch, Gulf of Mannar, Andaman & Nicobar Islands, & Lakshadweep. What am I?
- Riddle 3: I was formed as a result of unchecked mining of sandstone, lime and Badarpur sand in the area. What am I?
- Riddle 4: I am a 60-meter-long and 15-meter-wide historical stepwell. What am I?

My School-

Home Away From Home!

Paul George Global School seeks to create a challenging yet conducive learning environment that inspires excellence and encourages high performance through the engagement of varied instructions that allow for individual differences and learning styles.

At PGGS, we promote a safe, caring and supportive environment where every person can learn from and respect one another. We have also designed the use of innovative techniques to enhance lifelong learning through technology, multiple intelligence, varied instructional strategies and interdisciplinary connects, to prepare self-reliant learners to face the future world.
