Celebrating

THE LIFE OF

LATE SHRI PAUL M. GEORGE

An inspiration for generations

A kind-hearted and a humble human being who was ever ready to reach out to help and lend support to anyone near or far from him.

He was recognized for his personality traits namely:

Courage, Compassion, Equality and Integrity.

These are the values epitomized by PGGS. He will continue to live in our hearts and set an example as an ideal leader.

Dear Paul Georgeans,

Wishing you all a good future. Let me tell you something – Set your goals high, the higher the better. Expect the most wonderful things to happen, not in the future but right now. Realize that nothing is too good.

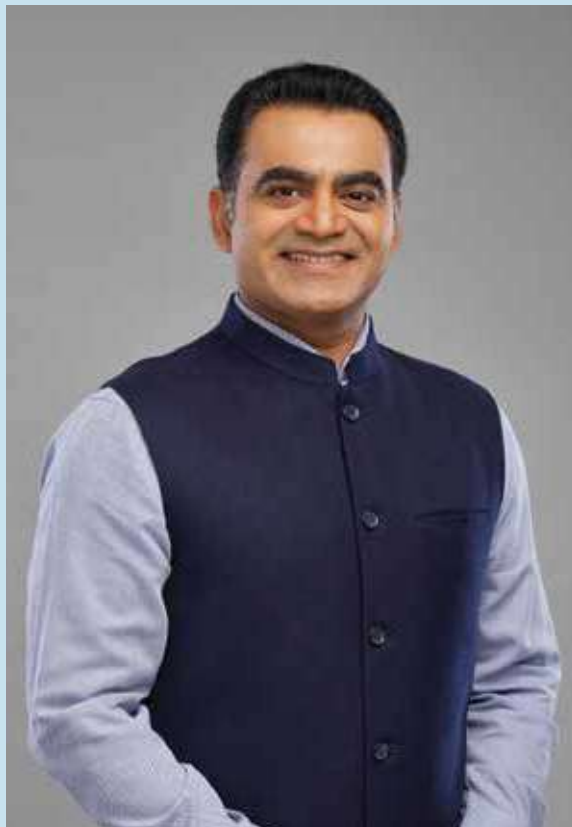

Whenever you make a mistake in life don't look back at it for a long time. Mistakes in life teach you lot of things. Your occasional mistakes and coming out of it helps you to reach your goals.

Set your goals high and work towards them. Only talking and lingering things day by day is a sure sign of heading towards failure. So avoid laziness and get started right now.

With Warm Regards,

Dr. Sara George Muthoot

Director - Paul George Global School

Our students celebrated their creativity with the creation of Dussehra-Themed Crafts. This blend of culture and creativity exemplifies our commitment to holistic education, the prime need of today's Gen Z pupils.

CONNECTING MINDS: REVISITING KEY CONCEPTS

In the 'Connecting Minds' initiative for effective classroom learning, our students of Nursery & Kindergarten recapitulated concepts such as 'Community Helpers', 'Phonics', and 'Picture Recognition'. Through presentations, they reinforced their knowledge and honed strong communication skills and teamwork spirit. This engaging approach not only bolsters their learning but also builds a sense of shared growth and mutual support in the classroom. We are excited to continue fostering these moments of peer-driven education.

MAGIC OF PEER-LEARNING

At the Pre-Primary Section of PGGs, learning is magical and ever-lasting with Peer-learning! Our little stars not only absorb knowledge but also actively participate in their classmates' learning. Through activities, projects, and discussions, they emerge not just academically but also learn important life skills like teamwork and problem-solving ability.

Their mentors guide all through this beautiful process, fostering bonds of friendship and collaboration. At Paul George Global School, we believe Peer learning is a valuable life skill, and we're excited to see our students thrive through this collaborative approach.

EMBRACING WELLNESS: YOGA AT SCHOOL

We're delighted to share that our school has been consistently offering Yoga sessions to our students. These regular sessions are moments of tranquillity amidst their busy schedules, providing an opportunity for self-discovery, inner-peace, and holistic well-being. Guided by experienced yoga instructors, students engage in various mindfulness practices, instilling the value of wellness in our students, recognizing its significance not only in their academic pursuits but in every facet of life.

Bringing forth the beacon of innovative teaching-learning practices, PGGs organised 'LITERATI WEEK' from 9th to 13th October to encourage students' understanding and love for literature, improve written and spoken expression, develop fluency and inculcate the habit of reading amongst all.

STUDENTS' SPEAK

Participating in Passion-Time for the first time as a new comer to PGGS has been a transformative experience. Choosing western dance as my core creative activity, the weekly passion-time periods became a place for self-expression and learning. Exploring new dance steps and connecting with like-minded kids allowed me to blossom beyond my comfort zone.

Above and beyond the physical benefits, this dedicated time has proven to be a therapeutic escape from daily educational stresses. Exploring myself in the new fields enhanced my confidence, as I discovered not only the art of dance but also the art of personal growth. I am grateful to PGGS for giving equal and unbiased opportunity where kids can keenly learn and nurture their skills apart from attending daily classroom sessions catering to education with commercial value.

Gurleen, Grade XI

PARENTS' SPEAK

I have been a proud parent of Paul George Global school since its inception. I am exuberant of my choice as the school not only focuses on the academic development of the pupils but also prepares them for the outer world. The Passion-Time program continues to be the most favourite amongst the children alongside certain promising educational programs such as Robotics which has boosted their enthusiasm for learning up to the next level. This enables them to communicate across different technological platforms and keep them abreast and in tune with further technological advancements.

Sculpture, on the other hand, will definitely shape some future Michelangelo or definitely turns out to be a creative stress buster, helping them to emerge as a winner. Three cheers to the PGGS team for such marvellous efforts and futuristic approach.

Sethu Laxmi Menon, Mother of Akhurath Menon

Orange Colour Day at our school was a delightful celebration of creativity and Halloween spirit. The children arrived dressed in vibrant shades of orange from Pumpkins to Tigers, and their excitement was palpable. Our classrooms were adorned with spooky decorations and the children enjoyed themed activities such as orange glitter craft. It was a day filled with laughter, imagination and the sweet aroma of Halloween treats. The kids had a blast while learning about the colour orange and experiencing the joy of Halloween in a safe and friendly environment, making it a memorable day for everyone.
